September 14th, 2021

Dear Diabetes Testing Supply and Insulin Syringe Manufacturer:

The State of Missouri, MO HealthNet Division (MHD) is continuing the Diabetic Supply Preferred Drug List (PDL) annual evaluation process. The Division is reviewing diabetic supply products and seeking supplemental rebate offers for maximum cost effectiveness for the MO HealthNet Pharmacy Program. Preferred diabetic supply products will be chosen based on effectiveness and the relative cost net of supplemental rebates. The effective dates of the contracts for selected products will be from April 01, 2022 through March 31, 2023. All Offers from manufacturers are due:

5:00 p.m. EST on Monday, November 1st, 2021.

Rebates will begin to accrue on April 01, 2022 for those diabetic supplies chosen as preferred. Diabetic supplies being solicited include, but are not limited to blood glucose/ketone meters, lancets, lancet devices, blood and urine glucose and ketone testing strips, Continuous Glucose Monitors, insulin syringes, pen needles, tubeless insulin pumps and other products used in the testing and/or administration of diabetic treatments.

****Please note that SMART pen devices are of interest this year and will be evaluated for coverage during the bidding cycle****

Questions or concerns may be directed to Sandy Kapur at Conduent Government HealthCare at Sandra.Kapur@Conduent.com.

We appreciate your continued participation in this program, which strives to maintain access to quality diabetic testing supplies and insulin syringes for MO HealthNet participants.

Sincerely,

Joshua Moore, Pharm.D
Director of Pharmacy
MO HealthNet Division
